PLEASE READ BEFORE RETURNING YOUR DUES NOTICE

TO: All ASA Members

FROM: The Executive Office

Enclosed is your Dues Renewal Notice for 1969, a self-addressed envelope, ASA publications price list, and a Coupon Listing of other journals. Before completing and returning your Dues Notice, please examine all pages of this form, especially for any errors on your Addressograph imprint, or if you wish to change your membership classification.

Your attention is also called to the following:

1. Addressograph Imprint: All mailings of the Association, including publications and this Dues Notice, depend upon the accuracy of the Addressograph imprint which is found on page one of the Dues Notice. Please check your imprint for errors in name, address, or zip-code, and indicate the corrections on page 2 of the form. Check the codes on the top line of the imprint against the following:
 - a. The first letter in the upper left hand corner indicates your present membership classification (F, Fellow; A, Active; C, Associate; S, Student; B, Foreign Associate). If this letter is followed by a "J" you are a joint member with your spouse (this is not indicated on the imprint of your spouse). If the letter is followed by an "E" (Emeritus), "L" (Life), or "H" (Honorary), you need pay no dues.
 - b. Active and Student codes (A and S) are followed by two digits indicating the year in which such members must be re-classified. Active membership may be held for five years, at which time members automatically become Fellows. Student membership may be held for seven years, at which time members will be re-classified as Associate unless eligible for Active status. Such eligibility must be justified on page 4 of the Dues Notice. Students must be registered undergraduate or graduate students and be in residence at an educational institution. When a Student member no longer meets these criteria he should notify the Executive Office and be re-classified. Members whose code reads "A69" or "S69" must be re-classified this year.
 - c. The next series of numbers across the center of the top-line of the imprint (numbers 1 through 8) indicates the sections which the member joined for 1968. Note that the section, Sociology of Organizations and Occupations (7) has been added.
 - d. The letters in the upper right hand corner indicate the journals to which the member subscribed for 1968 (S, Sociometry; E, Sociology of Education; H, Journal of Health and Social Behavior)

(over)

2. Please return your Dues Notice along with your payment as promptly as possible. A reminder will be sent to non-paid members within several months. All members whose dues and/or subscriptions have not been paid by May 31, 1969 will be dropped from the mailing lists.

3. Change of Address: The Publications Committee has ruled that no temporary changes of address (under four months) will be processed. Six weeks notice is required on permanent changes.

4. ASA Publications: Information on Sociometry, Sociology of Education, and the Journal of Health and Social Behavior will be found on the enclosed ASA Publications Price List, and subscriptions may be entered on the Dues Notice. Please note that all journal subscriptions are on a calendar year basis. Orders for other ASA publications should be indicated on the Publications Price List.

5. Arnold and Caroline Rose Monograph Series in Sociology, Sociological Methodology, and Readers in Sociology: Information on these publications will appear in later issues of The American Sociologist.

6. Coupon Listing: The enclosed coupons offer journals of interest to members at reduced prices. These journals have been approved for inclusion by the Publications Committee. Please note that these coupons are to be sent directly to the publishers and not to the ASA Executive Office.

7. Current Sociological Research: Since this publication has been discontinued, members who wish information about current sociological research may obtain such by writing Scientific Information Exchange, 1730 M Street, N. W., Washington, D. C. 20036. Requests must be for specific areas of research interest.

Sociometry, a Journal of Research in Social Psychology. Editor: Sheldon Stryker. \$4.50

This journal is devoted to the publication of research and theory in social psychology. The work of both sociologists and psychologists is represented to make the emphasis genuinely interdisciplinary. Recent issues have contained research reports dealing with reference group behavior, communication networks, risk taking, concepts of self, aggression, family roles, peer groups, alienation, and interpersonal behavior. Occasional review articles deal with major studies or with groups of related works in social psychology. In addition to research reports, the Editors welcome thoughtful discussions of contemporary trends and inspired speculation.

Sociology of Education: Editor: Martin A. Trow. \$5.00

This journal provides a forum for studies of education by scholars in all the social sciences from all parts of the world. Thus, the Editorial Board is both interdisciplinary and international in scope. Contributors' papers are evaluated by colleagues in their own field as well as by other social scientists to insure their value to the entire audience. In the task of analyzing educational institutions and processes the theoretical perspectives of anthropology, economics, history, political science, psychology and sociology are welcomed by the Editors.

Journal of Health and Social Behavior: Editor: Eliot Freidson. \$5.00

This journal emphasizes the sociological analysis of all aspects of social life bearing on human health and welfare, including the institutions and occupations devoted to diagnosing and managing them. In so far as sociology provides the foundation of its approach, its stance is frequently independent of the established institutions with which it is preoccupied. Empirical studies, theoretical analyses and, on occasion, polemics are published.
